

DAY 2- WONDERS OF THE UNIVERSE

EXPERIMENTS AND OTHER ACTIVITIES TO DO AT HOME

HOME EXPERIMENT

Tornado, Whirlpool in a bottle!

See the video on the Wonder Zone web page for instructions on how to make your very own amazing water Tornado Whirlpool. Its super easy but super cool!!

All you need are 2 plastic bottles from your recycling, some strong tape and some water!

OTHER ACTIVITIES

Cloud watch or Star Gaze

Go outside and lie on the ground and look up at the sky (you might need to put a rug or mat down if it's damp). Make sure you don't look at the sun as this is harmful to your eyes.

Look at the clouds and the amazing shapes and formations they make. Can you spot shapes like cloud animals or cloud people? Think about the Wonders of the Universe as you look at them.

Or

If you are allowed to stay up a bit later you could go outside at night and Star Gaze.

Look up at the night sky and all the amazing stars and see how vast and deep the universe goes.

Can you spot any of the constellations from the Astro Boxes you made?

*Our Lord and Ruler, your name is
wonderful everywhere on earth!*

*You let your glory be seen
in the heavens above.*

Psalm 8 verse 1
