Go outside and imagine you're a Scientific Investigator!

Search for minibeasts in your garden. Look under rocks, amongst the leaves and under tree stumps. Look at all the different insects and creatures you find - look how amazing, unique and detailed they all are.

Make a Bug House for all the little minibeasts you have found. Use bark, leaves, moss, twigs and sticks and anything else you find in the garden to make them a happy home!

Look up at the trees and to the sky. See how many different types of beautiful bird you can spot.

Prayer templates

Cut out one or more of the templates in your pack and use it to help you say a prayer (have a chat) with God. You can write a whole prayer, just a single word or maybe the name of someone you'd like to pray for.

or

Simply decorate, colour in or draw a picture of the thing you'd like to pray about on the template.

A prayer is just chatting to God so it can be whatever you'd like to tell him – a thank you, a please, a sorry or anything else on your mind. He loves to hear us chat to him whether it's out loud or in our hearts.

Make yourself!!

You are super special and unique. Why don't you use the person template in your pack to make a cool self-portrait.

- Carefully cut out all the pieces of the body
- Draw on your clothes, your face, any special features you have. You could even add some wool or string hair if you have any.

Or

- You could cover the body parts with drawings or pictures, maybe cut out from a magazine, of all things about you that make you special and you! - what you like doing, your favourite things, your personality emoji etc.
- Use the split pins in your pack to attach the limbs and head to the body.

*God looked at what he had done.
All of it was very good!*
